To: 2019-2020 Students <2019-2020students@washingtonglobal.org>

Dear Families,

The Washington Global team is here for you and your family during the COVID-19 shut down to provide distance learning technical support and to provide food service care packages.

The school's first care package distribution will take place on **Monday March 16 from 1pm-3pm**. Please respond to me if you would like to pick up food at this time.

Additionally, we have developed a resource guide for our distance learning program that will begin on March 24, 2020. Please see the attached guide and reach out to us if you have any questions.

Stay Safe,

Liz Torres
